

Accidental Death & Dismemberment (AD&D)

Accidental Death & Dismemberment (AD&D) insurance provides 24-hour coverage for a critical or fatal accidental injury that occurs on or off the job. The insurance pays out a lump sum payment, following an accident that results in loss of life or limb, based on a schedule of benefits.

The benefit payout may be used to cover the cost of care or treatment, or to replace lost income, or to address personal needs for the individual or family. (Note: AD&D does NOT replace health insurance.)

Why AD&D?

The need for the product is widespread: According to the National Center of Health Statistics¹, accidents are the leading cause of death for people under age 45, and the 5th leading cause of death overall. Approximately 122,000 people die per year from unintentional injuries².

Interest in accident insurance continues to grow. According to SHRM³, more than 75% of companies sponsor Accident insurance plans for their workers.

Our AD&D Line: Product Features

Our AD&D product provides a lump sum benefit to guard against the financial risks associated with an accidental injury or fatality. It provides 24-hour coverage for accidental death or dismemberment, as well as optional benefits for seat belt use and childcare. Dependent coverage is also available.

The benefit may be offered employer-paid, or employee-paid (voluntary), or a combination of the two. Coverage is offered on a guarantee issue basis, with no medical underwriting required.

AD&D is available to groups with at least 100 eligible lives, when it is offered independently. However, when the product is offered with another Beazley gap protection product, it is available to groups with at least 10 eligible lives.

Our Product at a Glance

Simple

- Offered guarantee issue.
- Covers accidental death or dismemberment, such as loss of limbs, eyesight, and speech
- Accessible, accurate and timely administrative support

Flexible

- Flexible funding options (employer-funded, employee-paid, or combination)
- Optional benefits for seat belt use and childcare coverage
- Dependent coverage available

Affordable

- Can provide age-banded rates, as well as composite rates if employer-funded
