myBeazley – event insurance at the touch of a button

Beazley event insurance is available on our myBeazley platform, which provides brokers with the ability to a quote, buy and service cover at the touch of a button. By combining Beazley's market leading expertise in event insurance with the simplicity of a system designed using the principles of a consumer website, we have created an award winning trading platform that is intuitive and easy to use.

Benefits to you and your event insurance clients include:

Quick quote indication

We understand that your clients have busy lives and a quick indication of price is beneficial to everyone, which is why the system has been designed to give an indicative quote at the earliest opportunity. We have focussed on a minimal number of questions by removing any data collection that doesn't affect the purchasing process.

Instant quote and bind

In addition to providing your clients with on the spot quotes, binding, and policy documents as standard, myBeazley also gives you the option to offer quote options for a number of different scenarios.

Access to expert underwriters

If you do need to speak to an underwriter – because you have an unusual risk, require a specific endorsement or need to make a referral – our expert team of underwriters are on hand and authorised to make quick and considered decisions.

In just four clicks...

Referring a risk? In four easy clicks you can add your own documents, whether proposal forms, contracts or claims records.

Branded documentation

In addition to allowing you to produce all policy documents for your clients at the touch of a button, myBeazley also enables you to incorporate your own branding on a range of literature such as quotes and policy wording.

Lloyd's Innovation Award

We are proud that myBeazley was recognised as the "Best Non-Product Innovation" at the inaugural Lloyd's Innovation Awards. The judges described myBeazley as:

"A real and genuine investment in understanding the end-users' needs and thoroughly testing the product".
