From your individuals to multi-billion dollar corporations, Beazley offers protection against medical professional liability exposures arising out of a wide range of healthcare related businesses including hard to place risks. In addition to providing coverages that are standard in the marketplace for Miscellaneous Healthcare Professional Liability, Beazley policies offer some distinct benefits:

- Claims cooperation/indemnification products available for larger risks with either in-house or appointed third party claims handling expertise, and the ability to fund significant self-insured retentions
- Both insurance and captive reinsurance solutions; these can be primary and/or excess follow form (subject to the underlying terms, conditions and carrier).

Furthermore, Beazley policies provide broad coverage that includes:

- Various combinations of miscellaneous medical professional liability/general liability/employee benefits liability/E&O (financial loss) coverages
- Products liability/completed operations
- Excess/umbrella policies including auto, and employers' liability
- Defense expenses outside limits and general liability on an occurrence basis on selected risks
- Coverage for employed and contracted physicians on a shared limits basis.
