

Beazley Product Recall

Comprehensive coverage with a refined approach.

Beazley Product Recall

The exposures related to product recalls or manufacturing errors are ongoing and increasing in occurrence regardless of a company's size or industry. No matter where a company resides in the supply chain, these exposures can pose a significantly impact to a company's balance sheet and reputation. The Beazley Product Recall offering is an innovative insurance solution that provides what clients need to help protect their businesses and customers.

When a recall incident occurs, our comprehensive coverage will reimburse them for the costs they incur to get their product out of the stream of commerce, replace it, as well as the expenses to protect their brand and mitigate the loss. In addition to the product replacement and brand reputation coverage, we also provide coverage to protect their profits as well as the damages incurred by a third party.
