

# Beazley | Product Recall

---

## Information Pack

As a Beazley Product Recall policyholder you will receive exclusive access to the product recall Information Pack. Within the pack, not only will you receive information on how to submit a claim, but it will also lay out all of the added benefits and services that are unique to Beazley. The added features and services are designed for our insureds to help mitigate their risk before, during, and after an incident.

The following is a summary of the benefits and services included:

### Expert consultant services

- You will have access to advisory services from an expert consultant by line of business.
  - Consumable Products- Matrix Sciences International, Inc.
  - Consumer Goods & Component Parts- Product Safety Advisors, LLC

### Forensic accounting services

- Beazley is coordinating with Baker Tilly US, LLP to provide you with a financial analysis of your business and loss costs in the post incident reimbursement process.

### Claims ready

- This has been developed together with Baker Tilly US,LLP to provide a proactive response to an insured incident. This service is aimed at ensuring your claim is reviewed in an expedited manner, such that any settlement or partial settlement of a covered claim can be accelerated.

### Introductory webinars

- Each month, your expert consultant will be hosting a webinar to provide you with all of the services that they can offer.

### Quarterly educational webinars

- Each quarter, your expert consultant will host a webinar that will go over a variety of topics ranging from regulator changes, to industry trends and changes.

### Quarterly newsletters

- As a policyholder, you will also receive quarterly newsletters on an industry hot topic

### Intake, validation and product retrieval services

- Beazley is coordinating with Crawford & Company to provide you with notification and intake support, validation support, and product retrieval support in the event of an insured incident.

### ScoreCard

- Matrix Science International Inc and Product Safety Advisors LLC have curated an innovative solution to provide eligible policyholders with a way to review and detect any strengths or gaps within their procedure, protocols, and programs.
