

Beazley Safeguard Leisure

Comprehensive risk management and
response solutions for leisure sector providers/facilities.

Beazley Safeguard Leisure

The leisure sector encompasses a broad range of providers, many of which have minors as their core consumers. Since many leisure facilities involve physical activity and frequent movement, it can be difficult to monitor the whereabouts of minors at all times.

Where allegations are made, a swift and surefooted response is essential – one that addresses the position of the person making the allegation, other passengers, their families, the entity that has contracted with the transportation provider, and the communities that provider serves. Providers may also need to deal with law enforcement, regulators and private attorneys.

Allegations will often be disseminated very rapidly by both traditional and social media and many providers will have little or no experience in dealing with this.

Beazley Safeguard has been designed as a comprehensive insurance, risk management and crisis response program to help transportation providers address areas of potential risk, and – if needed – to provide support in dealing with crisis response, communication and management.

Claims examples

- **Restaurant:** man accused of sexual molestation of child in bathroom of a restaurant in Florida
- **Petting Zoo:** travelling petting zoo settled litigation brought on behalf of several children alleging sexual abuse by employee
- **Bowling:** bowling coach convicted of molestation involving several minor players

Our clients will have access to the following:
