

Ransomware

We know cyber breaches. Since 2009, Beazley has managed thousands of cyber breaches across a variety of industries and causes, including ransomware. Of the ransomware incidents reported to Beazley in 2018, the top industries include healthcare, professional services and financial

With thousands of ransomware attacks occurring on a daily basis, ransomware is a threat facing all organisations across all industries. Beazley's dedicated in-house team, Beazley Breach Response (BBR) Services, provides timely ransomware assistance to Beazley policyholders based on our repeated and extensive experience handling ransomware incidents.

Cyber extortion and ransomware response services

If your organisation is experiencing a ransomware attack and elects to use BBR Services, they will assist by:

- Promptly consulting with your team to determine an appropriate response;
- Recommending and facilitating a fast connection with computer forensic services to determine if personally identifiable information or protected health information was compromised; and/or
- Facilitating introductions to service providers who can help you with data decryption, data restoration, or securing Bitcoin if your organisation decides to pay the ransom.

A commitment to prevention

BBR Services has developed a ransomware tipsheet, Ransomware: Best Practices for Prevention and Response, for Beazley policyholders, that explains the ransomware threat and the immediate steps companies facing this threat should take. This tipsheet can help your organisation minimize the impact of a ransomware attack and speed up the recovery time following an attack.
