

Beazley receives the Terra Carta Seal in recognition of the company's commitment to creating a sustainable future.

January 10, 2023

Beazley is one of 19 companies to have been awarded the 2022 Terra Carta Seal

The Terra Carta Seal recognises global companies which are driving innovation and demonstrating their commitment to, and momentum towards, the creation of genuinely sustainable markets.

Designed by Sir Jony Ive, the Terra Carta Seal embodies the vision and ambition of His Majesty King Charles III and the Terra Carta, as a recovery plan for Nature, People and Planet.

The Terra Carta Seal is underpinned by Corporate Knights' Annual Global 100 Top Sustainable Corporations List and the wider principles of the Terra Carta.

The Terra Carta Seal, launched at COP26, by His Majesty King Charles III when he was Prince of Wales, recognises global companies which are driving innovation and demonstrating their commitment to, and momentum towards, the creation of genuinely sustainable markets. It is being awarded to companies whose ambitions are aligned with those of the Terra Carta, a recovery plan for Nature, People and Planet, launched in January 2021.

Brian Moynihan, Co-Chair, Sustainable Markets Initiative said: "The SMI brings CEOs together to work on the shared goals of accelerating our transition to a sustainable future. I congratulate those organizations

recognized with the 2022 Terra Carta Seal and thank them for their commitment to sustainable markets.”

The Terra Carta Seal acknowledges that each industry faces unique challenges in its transition to a sustainable future and they are all at different stages of their journey. And all industries and companies must be supported as they take steps in a more positive direction. At the same time, an accelerated pace is required if we are to achieve a 1.5-degree target, protect and restore biodiversity and benefit the lives and livelihoods of current and future generations.

Lesley White, COO, Sustainable Markets Initiative said: “The Terra Carta Seal recognises the organisations that are committed to transitioning their business models to support a sustainable future. The 2022 awardees of the Terra Carta Seal represent the companies that are demonstrating efforts within their industry and aim to create more sustainable markets for generations to come.”

Rachel Turk, Group Head of Strategy at Beazley, added: “Beazley’s vision is to be the highest performing sustainable specialist insurer. To achieve this we have committed to a series of measurable and bold targets to incorporate ESG into every aspect of our business. The awarding of the Terra Carta Seal, is confirmation of the success of our ongoing work and we are proud to have been recognised by the SMI.”

Sir Jony Ive and his creative team at LoveFrom created a physical and animated seal engineered with paper that is both simple and beautifully crafted. The design combines a host of natural references including oak leaves, fern, magnolia and honeybees and intricate patterns both in nature and in the arts, creating a visual celebration which reflects the power of and reverence for nature that is at the heart of the Terra Carta.

About the Sustainable Markets Initiative
His Majesty King Charles III, the Prince of Wales, His Majesty King Charles III launched the Sustainable Markets Initiative (SMI) in 2020. The SMI is a global coalition of business leaders from major corporations, financial institutions, and governments, working together to address the world's most pressing environmental and financial challenges. These global CEOs see themselves as the "Coalition of the Willing" helping to lead their industries onto a more ambitious, accelerated, and sustainable trajectory.
