

Armed Forces Covenant Signing

We are honored to announce that Beazley has signed the Armed Forces Covenant, reaffirming our commitment to supporting the Armed Forces Community.

We deeply value the contributions of service personnel both regular and reservist veterans, and military families to our organization, our communities, and our nation. As part of this pledge, we will continue to champion the Beazley Veterans Network, actively recruit veterans, reservists, and their family members, and strengthen our partnerships with organizations such as the Lloyd's Military Network. Additionally, we remain dedicated to fundraising efforts in support of the Armed Forces and related charities.

We held a signing ceremony in The Beazley London office in May where we were joined by Air Vice Marshal Ranald Munro CB CBE TD VR DL, Commandant General RAF Reserves (RAuxAF), former Assistant Chief of the Defense Staff.
