# Today's risks know no borders, here's how our Multinational Solutions can help

In today's interconnected world, businesses face a range of complex risks, from geopolitical risks, to climate change, regulatory change and uncertainty, as well as more targeted risks like cyber threats. For multinationals, these risks are multiplied.

## **Our approach to Multinational Solutions**

With this in mind, Beazley has developed robust multinational solutions to address the evolving needs of global businesses. Here are our key benefits.

**Compliance in complex regulatory environments:** By ensuring compliance with local laws and regulations, our multinational solutions help businesses have uniform insurance coverage and avoid coverage gaps. This is particularly important in regions with complex regulatory environments.

**Avoid coverage gaps:** We provide uniform insurance coverage across all operating regions, avoiding gaps and overlaps that could leave businesses vulnerable. This consistency is crucial for effective risk management.

**Global and Local expertise:** Beazley's team of multinational experts together with its network of local partners provides state of the art insights and expertise across over 185 jurisdictions, helping businesses navigate risks wherever they are located. This local knowledge is essential for tailoring coverage to specific needs.

**Client engagement:** Building and maintaining strong client relationships is key for long-term success. Our commitment to effective client engagement and partnership is demonstrated by positive feedback and success stories from our clients.

**Innovative Solutions:** We continuously innovate to provide cutting-edge solutions that address the unique challenges faced by global businesses and assist our clients with preparing for emerging risks.

### **A snapshot of Beazley's Multinational Solutions**

1. **Our experience and capabilities:** Beazley issues hundreds of global programmes annually, and our book is rapidly expanding. Our extensive reach ensures that businesses receive consistent and comprehensive protection wherever they operate.
2. **Comprehensive coverage options:** We offer multinational solutions for a range of products, including Cyber, Directors & Officers, Financial Institutions, Professional Indemnity, Healthcare, and Employment Practices Liability.
3. **Efficient service delivery:** Our commitment to efficiency is demonstrated by our compelling policy issuance times, robust quality assurance processes and supported by our investment in Beazley developed platforms, resulting top tier service for all of our customers equally.
4. **Expert support:** With all of our products, we provide access to a team of experts who offer valuable insights and support throughout the policy year. For example, for Cyber this includes pre-incident planning, incident response support, and continuous risk management activities.

### **Our Network Partner Event**

We recently hosted a network partner event over three days which provided insights into the importance of multinational solutions. The event touched on the evolving cyber threat landscape, and the claims landscape.

We also discussed our new product lines such as management liability and financial institutions, and the launch of Beazley Quantum and Beazley Flex consortiums. These initiatives demonstrate our commitment to innovation and addressing the evolving needs of our clients, in this era of accelerating risk.

### **The bottom line**

Beazley's Multinational Solutions are designed to address the complex and evolving risks faced by global businesses. Our collaboration with partners means we can deliver comprehensive insurance solutions that cater to the diverse needs of multinational clients.

With comprehensive coverage, efficient service delivery, and expert support, we help companies navigate the challenges of operating in multiple jurisdictions.
