The Beazley Bowler Bus sets course for Texas

Beazley, the leading specialty insurer, has boarded its pink Bowler Bus and set course for Texas. Equipped with coffee, sweet treats and expert underwriters, the bus will arrive in Dallas on May 14th and will travel across the state throughout the month.

To mark a combined 80 years of shouldering risks in need of specialist solutions and supporting our brokers and clients, we have embarked on a journey across the United States, bringing something just a bit different to our brokers, in true Beazley style.

Lou Ann Layton, **Group Head of Distribution, Beazley**, said: “We believe that life should be an adventure – it’s what inspires us to be bold and do things differently. And as we celebrate 40 years in Europe, 20 years in North America and 20 years Asia, we want to bring the adventure to our broker partners, who have been with us every step of the way. We look forward to bringing a splash of pink to Texas and hope brokers will hop on board the Beazley Bowler Bus and experience what makes doing business with Beazley - just different.”

Join us (and the bus!) by registering below:

- May 14th – 15th: Dallas, TX
- May 20th: Austin, TX
- May 27th – 28th: Houston, TX
