The **insurer** will not consider such self report or formal written representation as an admission of liability for the purposes of this clause.

(e) Uninsured loss

The **policyholder** will reimburse the **insurer** for any payments which are ultimately determined not to be covered under this policy.

3. Allocation

Where a **claim** or **insured event** involves both parties covered and not covered and/or matters covered and not covered by this policy, a fair and proper allocation shall be made between the **insured** and the **insurer**, taking into account the relative legal and financial exposures attributable to the covered matters or persons and the matters or persons not covered by this policy.

For the purpose of this provision the **policyholder** will be deemed to have suffered loss to its financial interest simultaneously with the **uncovered company** which incurred the **loss** for which it would have been entitled to receive cover under this policy.

7. Subrogation and recoveries

Following a payment under this policy, the **insurer** will be subrogated to all rights and remedies available to the **insured** in connection with that payment therefore the **insurer** has the right to seek recovery of that payment from a third party and will be entitled to bring proceedings in the name of the **insured**.

Whether before or after payment under this policy, the **insured** will take all steps necessary, or required by the **insurer**, to preserve the rights and remedies which the **insured** may have to recover its **loss**.

- (c) then to the **insurer** up to the amount of the **loss** paid by the **insurer** and the **limit of liability** will be reinstated for such amounts; and
- (d) then to the **insured** to reimburse the **retention**.

The **insurer** agrees not to exercise its rights of recovery against any **insured person** unless the payments made by the **insurer** under this policy are brought about or contributed to by the deliberately dishonest act or omission of that **insured person**.
